

Acceptable Downloads

1. Security updates from Microsoft – every computer is set to receive critical updates. If the computer asks you to review critical updates, do so. Please install them and keep your machine up to date. Most of the Windows XP & Vista machines are set to do this automatically.
2. Updates from Adobe Acrobat Reader
3. Updates to Macromedia FLASH Player
4. Updates to Macromedia SHOCKWAVE Player
5. Updates to Mozilla Firefox

If you have other software that you come across frequently that you feel should be permitted, please send me the suggestion and I will be happy review it.
